

Faith Alive Resource Published in Book Form

The first Faith Alive resource, titled “Deepening Our Life in Christ” for diocesan use in the pilot phase during Lent of 2007, is now in book form and available nationally. For purposes of publication, I have revised it somewhat and given it the title, *As I Have Loved You*. It is my intent to spin off a book from each of the diocesan resources, and for this purpose I have created a website at www.novomill.com. If you have found the Faith Alive program worthwhile, please feel free to make the website known to others beyond our diocese, as the opportunity arises. I will be sharing our Faith Alive faith-sharing approach and resources through two seminars at the St. John Bosco Catechetical Conference at Franciscan University of Steubenville in July.
